SOURCE 25X1C

1. An employee of a construction bureau stated: A runway was to be constructed at the Jueterbog-Altes Lager (N 52/E 69) airfield. Tar and cement had already been hauled to the field. About 50 acres of the Niedergoersdorf (N 52/E 68) community were surveyed and staked off for a westward expansion of the field.
2. An employee of the Jueterbog labor office stated that the labor office had to draft 3,000 workers by early-February 1950 for construction work on the runway of the Altes Lager airfield.

25X1C

Comment:

As this is the first information on construction work at the field its accuracy cannot be judged. Two ground attack regiments are assumed to be stationed at the field.
